Four striking elevation options and a host of potential upgrades ensure you can adapt this remarkable residence to suit your lifestyle. A long entry draws you into the single-story layout and opens into the light-filled kitchen, breakfast room, family room and attached dining room. You can gather with guests in front of the optional corner fireplace as walls of windows frame views over the backyard. Cooking is made easy thanks to the optional island, sweeping countertops and pantry and you can also choose from two optional covered patios for entertaining friends. The bedrooms are all generous and inviting including the master with a walk-in closet and a master bath with a double vanity, garden tub and a separate shower. A double-door study is perfect for working from home plus there's a second full bath, a utility room and a two-car garage. Extra options include a fourth bedroom, instead of the
