Guaranteed to tick every box on your ultimate property wishlist, this stunning floorplan must be seen to be believed. You can take your pick from four elevation options along with a selection of impressive upgrades that will make this property feel like home. As standard, the floorplan features three bedrooms, two bathrooms and a study with the master boasting a walk-in closet and a dream master bath. The open kitchen, dining and family room, with an optional fireplace, is ready for the hustle and bustle of busy modern life and there's a covered patio for hosting guests. You can upgrade the kitchen appliances, master bath and add a powder room while a fourth bedroom can be added in lieu of the study. There are different covered patio and garage options plus you can even add a second-floor game room, bonus room and bathroom to expand the floorplan even further
